Have you always wanted to know more about beer? Can you tell the difference between an IPA and a pilsner? The WSET Level 1 Award in Beer is a beginner-level qualification for anyone interested in learning the basics about lagers, ales, sours and more. This short and interactive course includes tasting of a range of beers that support your learning.

Course topics include:

- the main ingredients use to make beer
- production steps in beer making
- beer storage and service
- common beer faults
- pairing beer and food
- characteristics of a range of key beers including malt, hop and yeast driven styles as well as sour styles.

WSET qualifications are recognized globally.

WSET Educator Neal Cameron is well respected with a level of experience and qualification in the industry that few can match. As an experienced trainer, Neal shares his exceptional knowledge of beer with ease.
